

FOR IMMEDIATE RELEASE

## **Albert Rolon Joins The Penn Air Group**

The Penn Air Group announced today that Mr. Albert Rolon has joined the organization as Operations Manager for Medical Air Care, a division of The Penn Air Group. According to Herman Philhower, CEO of The Penn Air Group, *“We are very pleased that Mr. Rolon has decided to join our organization. He has over 20 years of experience in the industry and brings many skills that will enable us to provide even better service to our customers.”*

Mr. Rolon has worked as a project manager for both Mintie Corporation and Coast Environmental, and was a HVAC Tech IV at Scripps Memorial Hospital. His expertise, in addition to project management, includes mold remediation, infectious control barriers, creating and managing environmental and safety teams, and developing HVAC maintenance programs.

### **About The Penn Air Group**

The Penn Air Group is a privately held firm focused on optimizing HVAC systems. Service divisions include Whole Building Commissioning (Cx), Test and Balance Engineering (TAB), Commercial/Industrial HVAC Cleaning and Restoration, Mold Remediation and Indoor Air Quality Investigations. Products include 3M Commercial HVAC Filtration and Window Films. This unique combination of products and services provides a comprehensive, engineering approach towards dramatically lowering HVAC related energy costs. Benefits include a healthy indoor environment, load reductions to the grid, asset preservation and reduced greenhouse gas emissions. Each project is designed to meet the specialized needs of commercial buildings, hospitals and industrial facilities.

The Penn Air Group is an EnergyStar™ partner and a member of AABC, ACG, AGC, AIHA, ASHRAE, IKECA and NADCA.
